

Move Forward Foundation

RSIN: 853933753

Chamber of Commerce: 60490845

Current policy plan: Move Forward Foundation creates community projects and offers workshops based on movement. Our target group is young children without a home or without support from home. Most of them are traumatized and movement is an easy access to start the healing process. We bring dance, boxing, basketball and street gym workshops to refugee camps, shelters and slums. Move Forward connects teenagers and coaches from every cultural background because we believe in the positive effect of bringing all cultures together. The upcoming years we will continue with our Workshop Tours, our community projects and our Street Gym in The Netherlands and abroad.

Remuneration policy: Our board members will not receive a fee for their work for the foundation. The Move Forward Foundation has no salaried employees, we work on a project base with a group of freelancers and volunteers. All freelancers receive a fee based on a reduced non-profit rate and will not receive commercial rates. Volunteers get a maximum of 180 euro a month, 1800 euro a year based on the rules of the Dutch government concerning volunteer allowance.
